SOURCE EVALUATIONS ARE DEFINITIVE. APPRAISAL OF CONTENT IS TENTATIVE.

1. Great activity is reported in Miskolc. Every private apartment and every private house has been visited by the local authorities and the exact number of rooms has been noted.
2. Buildings in process of erection have to be finished before schedule, anti air-raid shelters have been inspected and the building of new shelters has commenced.
3. This activity is thought by the local population to be a direct consequence of the German rearmament threat and speculation is going on as to whether Miskolc might become the Soviet military headquarters after the evacuation of Austria. Miskolc at present actually has more Soviet officers and troops than Budapest and its environs.
4. Engineers returning from Lwow (Lemberg), however, state that activity there seems to suggest that the Soviet Headquarters will be in that city rather than Miskolc.
